Welcome To Redline

R. B. Stimson

The time for the fourth annual Mid-South Shorthorn and Polled Shorthorn sale here at Dumas has rolled around once again. Each of us at Redline is happy to host it and we eagerly anticipate your visit.

It is, and always will be, our purpose to offer Shorthorns and Polled Shorthorns that will spread the influence of our great breed throughout the Mid-South country and indeed the rest of the continent.

The cattle will be ready for your inspection early on Sunday, April 16. We are pleased to be joined by our good friends and neighbors from throughout the Mid-South in what we feel is easily our best sale offering to date. We can recommend their cattle as heartily as we do our own.

Kathryn and I want to invite you to a buffet supper at our home at 6:30 p.m., Sunday, April 16.

We look forward to seeing you then.

Cordially,

R. B. Stimson

In this unretouched snapshot, Aberfeldy Fearless is shown in yearling form at the 1965 Mid-South Sale. Note his excellent size, thickness and smoothness.

JUNIOR GET-OF-SIRE BY THE AAA MOY LEGEND

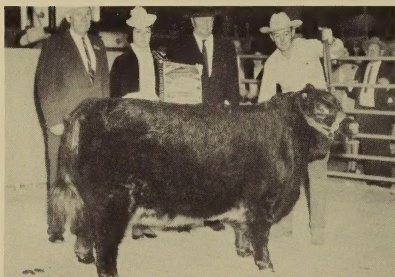

Redline

Together with breeding useful cattle for the improvement of the breed everywhere, must come the project of merchandising them and in turn expanding the breed's dominance on every front.

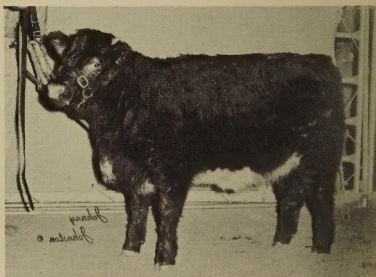

An important part of this program at Redline is the show herd which each year claims a larger portion of major trophies and rosettes. Pictured here are just a few of the winners. Note that four of them sell!

RLF FEARLESS MABEL, Lot 14. Reserve grand champion of the Houston and Ft. Worth Fat Stock shows. All-American nominee.

JUNIOR GET-OF-SIRE BY MOY LEGEND. They were first at the Mid-South Fair, Arkansas State Fair, Dixie National and second at the Houston Fat Stock Show. Two of the three sell.

FERNWOOD CLIPPER RITA, retained

RLF MOY LEGEND 41st, Lot 4. Grand champion of the Mid-South Fair, first at the Arkansas State Fair and Ft. Worth Stock Show. All-American nominee.

RLF RED JUNO, Lot 16. Reserve grand champion of the Arkansas State Fair, Dixie National and Mid-South Fair. All-American nominee.

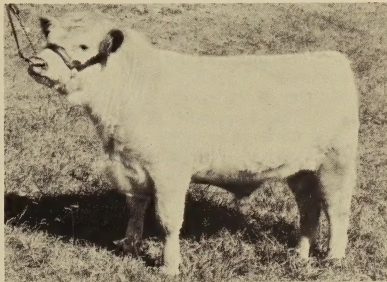

REDLINE PRIDE'S EMMA 3rd, Lot 22. First in class at the Houston Fat Stock Show and the Dixie National. All-American nominee.

FERNWOOD CLIPPER RITA. Grand champion of the 1966 Houston Fat Stock show for Redline. Retained.

Here's proof a' plenty that Redline Shorthorns and Polled Shorthorns measure up every bit as well in the show ring as they do on the range.

RLF RED JUNO, LOT 16

RLF MOY LEGEND 41st,, Lot 4

Junior stock bull at Redline and grand champion of the recent Ak-Sar-Ben National Show and Sale is MSU Spartan Diadem by Calrossie Diadem. He is out of a dam by MSU Wonder 2nd and his service will be a feature on a few of the open heifers in the sale. From left are Lassie Nancy Coufal, judge Don Good and MSU herdsman Doug Neilsen.

From the Sale Manager --

There are many pleasures in the Shorthorn and Polled Shorthorn business, but none is as great as the real privilege of working with folks like the energetic staff of Redline.

Bob Stimson is known and respected throughout the continent as the past president of the American Shorthorn Ass'n. He was honored as a "Builder of the Breed" in 1964.

Kathryn Stimson is one of the moving forces behind the national Shorthorn Lassies and currently is their vice president. She was honored as "Lassie of the Year" in 1964.

Last year young Miss Drew Stimson consigned the third top-selling heifer to the sale and this time her brother, Bob Jr., is selling one of his best.

Farm manager Richard Yarnell is well-known for his care and handling of the herd and is becoming a nationally known judge. He recently completed judging the big Kentucky National Show and Sale. Much credit too, must go to herdsman Russell Sloan who has roaded this year's winning Redline show herd.

The entire spirit at Redline is one of friendly cooperation toward the eventual goal of producing the world's best Shorthorns and Polled Shorthorns. Even more important, however, is that this goal is being reached within a practical framework on one of the breed's largest farms.

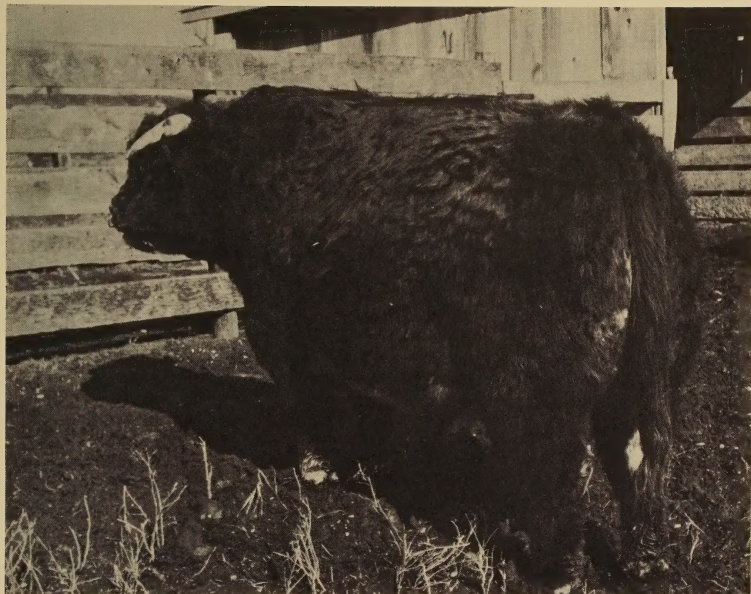

On sale day be sure to see the big three-year-old bulls grown out for the commercial trade. They, along with accompanying sales of females are spreading the breed's influence throughout the Mid-South.

Here is a sale designed to serve its own locality which it is doing well. But each year more breeders from throughout the country are finding it wise to invest in Redline bulls and females.

A glance at the sale catalog will show you the quality. Seldom, if ever, has any herd sold all of its All-American nominees! Featured too are the first calves by the popular Aberfeldy Fearless and a strong selection by the AAA Moy Legend.

Again this year Redline is joined by its friends and neighbors from throughout the Mid-South in presenting what is easily their best offering to date. Plan now to be with them on April 17.

STANDARD GUARANTEE

Recommended by American Shorthorn Association

- A. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
- B. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
- C. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age, shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
- D. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of a freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction to all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
- E. In the event an animal is returned by the buyer to the seller as a non-breeder the buyer must furnish to the seller a veterinarian's certificate showing that his herd is healthy if such a certificate is required by the seller.
- F. All animals catalogued have been tested for T.B. and are clean, and have also passed a test for Brucellosis thirty days prior to the sale, or are accompanied by a Bangs Vaccination Certificate. Announcements will be made covering animals not clear from vaccination.
- G. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females showing names and record numbers of sire and dam, as well as service date.
- H. All prospective buyers should check health requirements of their states. Health certificates will be provided with each lot sold.
